

*Just a Note from* GREG ANDERSON

Hi, Ed-

Like everyone else, you're probably used to being told whenever something goes wrong or doesn't turn-out right. I thought what you did Sunday deserves your being told of a "good" thing.

I'm glad that Toni was able to reach you and wasn't too surprised when he told me of your immediate and reasonable response.

By 'reasonable', our family really appreciates "Ernst Electric" not holding them hostage with a huge bill, as just about everyone else would've.

I can't help but think you are like me in a couple of ways: a farm-boy who knows how to work, and like I've tried to do for many years with the band, provide a service at fair-value to those who ask. Maybe neither one of us will die rich, but I'd like to think there is a certain amount respect in the community from not trying to take advantage of everyone who comes along. I'm sure you know you won't be forgotten in any future needs or recommendations

Thanks again,

*R. Dugff*
